

I am Amirtha B.S., Batch of 2020–23 (Economics). During my time at KCLAS, I served as the President of SPACE, a student forum with seven professional labs. Leading my team, I spearheaded workshops and initiatives that fostered innovation, practical learning, and team collaboration, which shaped my leadership journey. KCLAS played a pivotal role in nurturing my interest in research, analytics, networking, and professional growth. After completing my PGDM in Research and Business Analytics at Madras School of Economics, I am currently working as a Technical Writer in Product Documentation at FourKites, the world's No.1 supply chain visibility platform.

Ashmath S | Economics Department | Batch 2022–25

KCLAS gave me the space to explore, take responsibility, and truly understand what leadership means. From serving as Department Associate to Joint Secretary of the Entrepreneurship Vertical, President of the Economics Department, Co-Chair at the Model United Nations 2023, and as a member of Super 60 Batch 6B, each role honed my abilities in collaboration, resilience, and self-awareness. Leading initiatives such as the Economic Gazette, GenZ Economics Conclave, Ignite 2024, and Yugam 2025 enabled me to cultivate strategic thinking, adaptability, and a strong sense of ownership. While representing KCLAS at forums like the Liberal Arts and Science Symposium 2024 and the Nilgiris Economic Dialogue 2025 broadened my perspective and refined my professional acumen. Every experience compelled me to step beyond my comfort zone, engage in meaningful reflection, and embrace leadership as a responsibility rather than a title. Currently, I am building my portfolio to embark on my entrepreneurial journey, carrying forward the insights, confidence, and holistic development that KCLAS instilled in me.

Balavethashre | Proud Alumna, Batch of 2021 Department of Economics,

KCLAS I served as the Junior Secretary and later the President of the Economics Department, and also led the French Department as its President. I actively contributed as a committee member of the Anti- Ragging Cell and as the Public Relations Officer for NSS. In my final year, I was the Marketing Head and a Core Member of Yugam, South India's largest techno-cultural fest. Academically, I was a consistent performer, receiving the Mahatma Gandhi Scholarship for three consecutive years and graduating as a Gold Medalist in Economics under Bharathiar University. I was also recognized as the Best Leadership Council Member and the Best Outgoing Student of the Year. The vibrant opportunities I received at college gave me the confidence to lead, collaborate, and truly discover who I am. Currently, I work at the Founder's Office at A Toddler Thing, a purpose-driven baby and toddler essentials brand. My role involves closely working with the core team on strategy, innovation, and brand building. I aspire to pursue an MBA and eventually launch my own venture.

I am Dalyn Joanna, an alumna of the 2022 batch of the Department of Economics. My college journey was a blend of creativity, leadership and innovation. I was the vocalist of the band Agratha, and a core member of Team Renew from the KCT Garage, where we built India's first hydrogen fuel cell vehicle and represented the country at the Shell Eco Marathon. As Vice President of Forums, I had the opportunity to bring students together across disciplines, and I was honored as the All Rounder of my department. Receiving the Vikram Sarabhai Award for Tech Managerial Leadership was a proud milestone. I am now pursuing my Masters in International Relations at the University of Queensland, Australia, where I continue to explore my passion for global affairs and leadership.

Harishma Devi K Batch:

B.A. Economics, 2021–2024 During my time at KCLAS, I actively contributed as the Vice President of the BA Economics Department, led student initiatives, and organized departmental events which gave me hands-on experience in leadership and event management. The academic rigor and supportive faculty helped me strengthen my critical thinking and analytical abilities which continue to guide me in my career. The mentorship and exposure I received at KCLAS built the foundation for my pursuit of management studies. I am currently pursuing my MBA at NMIMS Indore, preparing for a career in marketing and business development.

I am Kavya Divagaran, an alumna of the 2022 batch from the Department of Economics, KCLAS. My time at KCLAS was a period of significant growth, where I served as President of Forums, contributed to the Department Association, SPACE, and various leadership initiatives. I coordinated key events, helped in the launch of new forums like Society for Global Diplomacy, Play Analytix, and Gut Health Forum, and managed important recruitment drives such as Super60 and Leadership Council (LC) recruitment. I was also part of the Yugam Highlight Events team. These experiences shaped my leadership and organisational skills. Currently, I am preparing for the Civil Services Examination, building on the strong foundation from KCLAS.

I am Manish Kumar, a 2023 Economics graduate from Kumaraguru College of Liberal Arts and Science (KCLAS), where I developed strong foundations in analytical thinking, research, and strategic problem-solving. Through academic projects, leadership roles, and organizational involvement, I honed my abilities in market analysis, negotiation, and client engagement. Currently, I am pursuing an MBA in General Management at Woxsen University, specializing in data-driven marketing strategy, B2B campaigns, and competitive market research. My professional experience spans digital marketing, business development, and market research, where I have contributed to brand positioning, pricing strategies, and lead generation initiatives. I believe economics and business strategy must work together to deliver both growth and impact. My vision is to leverage economic principles and marketing innovation to design strategies that create lasting value, for businesses, markets, and society. KCLAS has been pivotal in shaping my professional journey, and I continue to carry its values of innovation, leadership, and impact as I advance my career in strategic business and marketing on a global stage.

I am Namrithaa, proud alumna of the 2022 batch of Department of Economics in KCLAS. My journey at KCLAS was a transformative one, where I actively contributed as part of the Department Association, YUVA, and the Research Vertical. I played a key role in organizing workshops, events, and was a proud member of the team behind our department's flagship event – Gen-Z Economic Conclave at Yugam. These experiences not only strengthened my expertise but also shaped my confidence, leadership, and professional persona. KCLAS gave me the wings to grow beyond boundaries, nurturing both my academic and personal strengths. Currently, I am pursuing my MSc in Economics at the prestigious Symbiosis School of Economics, continuing to build on the foundation laid at KCLAS.

I am SanjayVarshan Sideshkumar proud 2023 Economics graduate of Kumaraguru College of Liberal Arts and Science (KCLAS), where I built strong foundations in analytical thinking, research, and problem-solving. Exposure to projects and entrepreneurial initiatives sharpened my business acumen and global outlook.

I am currently pursuing my MSc in International Business and Marketing, in Sheffield business school, UK. I specialize in global strategy, consumer analytics, and digital marketing, with growing expertise in market entry strategies and brand positioning.

KCLAS played a pivotal role in shaping my journey, and I carry its values with pride as I move forward.

Shiv Sundar Muthaiah

Batch: B.A. Economics, 2022-2024

During my time at KCLAS, I actively contributed for the Kumaraguru arts tennis team. I was the tennis team captain for three straight years. We were placed fourth the first two years and second in the third inter-college Bharathiyar university tennis match. I was part of the Bharathiyar university team as the fifth player. We placed third in the Southzone, second in the nationals and second in Khelo India tennis tournament. KCLAS Economics helped in supporting me to study and play my sport at the same time. The faculties were very helpful and provided additional support when required. The exposure and mentoring provided by them helped a lot. I am currently pursuing my Masters in Management at Newcastle university, United Kingdom.
